As President of PGCEA I understand the importance of having progressive and experienced leadership as an NEA Director as we negotiate the changes being implemented with Every Student Succeeds Act. All local affiliates must be involved in this process and be eligible for resources to help our locals from NEA. In previous years it was an honor to serve MSEA as a state Board Member for three years. Please honor me by voting for a middle school teacher who want to serve

We are in the process of improving our public narrative and shifting from transactional to transformative relationships. With your support, I will continue to collaborate with you to design strategic plans to support our efforts around advocacy and activism. I recognize that every member has a voice, and with your vote we will address education reform. If you elect me, Rowena Shurn, to the NEA Board I will continue to work with our colleagues and stakeholders to improve the quality of educational policies that impact our work environments, and education opportunities for our students. As a member of the MSEA BOD, I co-chair the IPD Committee, I am a Commissioner for the 21st Centuries Schools Facilities Commission, lead educator for Senate Bill 493 Workgroup, and peer reviewer for the Council for Accreditation for Educator Preparation Programs. I focused on the educational policies that impact our daily work that we do as educators. I've served on the NEA Teacher Leadership Initiative and Alumni Academy, I've worked with educators throughout our national affiliate addressing issues with institutional racism, early career educators, and the implementation of the Every Student Succeeds Act. I've served as facilitator for the NEA Regional Summer Resource Institute
