### **Why Sponsor? Sponsorship Benefits and Event Sponsorship Benefits**

Sponsorship provides a great means of broadening your competitive edge by improving your company's image, prestige, and credibility by supporting events that your target market finds attractive. In recent years, corporate sponsorship has become the fastest growing type of marketing in the United States. Sponsorship that involves hospitality always appeals to companies. The advantages may involve exclusive networking opportunities like beverage or food events, which can be used to meet significant customers and consolidate business associations. The various kinds of media that cover the event usually include the names, and even pictures, of the sponsors. This kind of mass coverage by the media that the sponsor gets is usually unaffordable if the company were to purchase it. In fact, sponsorship often can generate media coverage which may not have been otherwise available.
