## **LINDA MCLAUGHLIN FOR NEA DIRECTOR**

**I remain committed to:**

- **supporting Early Career Educators,**
- **recruiting and retaining diverse educators,**
- **continuing to work to promote racial and social justice and eradicate institutional racism**
- **working for equity for ALL educators, ESPs and administrators**

Linda is a tireless advocate for our members, our students, and public education. I've seen her dedication. I've seen her passion. And now I'm ready to see her on the NEA Board of Directors. Her voice and leadership is the kind Maryland educators can count on at the national level!

It with great confidence and enthusiasm I declare my endorsement of Linda McLaughlin for NEA Director. She has the experience, determination and tenacity to represent Southern Maryland and make our voices heard! Linda will be a tireless advocate for the concerns that smaller locals need to have addressed.

President, Education  
Association of St. Mary's  
County.*

Linda's leadership is part of who she is, not just one demand of her work. On her own time, she runs her local chapter of an educational history on-profit with passion, demonstrating the kind of magnetic quality of a leader that makes everyone around her lean in and then get to work feeling re-energized. As a fellow Maryland teacher, I know that this is the kind of ingrained attitude we need at the national level in an NEA Director, just as much as we need it in our classrooms: and for that, I support Linda McLaughlin for NEA Director.
