

# RE-ELECT

Cheryl Bost

MSEA President

*Our collective voice outside of our schools, impacts what happens inside of our schools. So, let's create the change we want to see and our students deserve. Our kids can't wait!*

Colleagues, we have faced huge challenges this past year and continue to stand strong because we're in this together. Educators are true heroes. As we continue to collectively advocate for what is right, fair, and safe, we can turn great challenges into great opportunities for all students. We need strong, strategic leadership willing to take a stand, be a voice for members, our professions, and our students, and get things done. I am that leader and I am asking for your support as I run for re-election as your MSEA President.

*Please vote in the MSEA Elections*

*Voting starts online January 25 so don't sit this one out!*
