I spent 32 years teaching and being a public education warrior. Every year I attended both the NEA and MSEA annual assemblies as a delegate. My record of support for progressive issues in our association is clear. I work well with others and hope to continue as a retired delegate.

I believe we must continue to work together to make a difference in education. We must support our working colleagues by being the voice when they can't. As a retiree I continue to support MSEA as a member of the Summer Leadership Team, and I am an active member of the TABCO Retirement Committee.

As a retired lifetime member, it's important to keep current with the educational system in our state. I've attended 9 NEA conventions and 14 MSEA conventions as well as this year's. I've served on the FCTA's Board of Directors along with other committees. Attending the state meeting is the best way for me to participate and support our students and teachers.
