2022 Convention Workshop Descriptions

FRIDAY, OCTOBER 21 | 9:00 A.M. – 1:25 P.M.

Convention workshops are free and open to members of MSEA.

Building an Instructional Toolkit

Workshops focus on the resources and techniques educators need to engage students and improve academic achievement using practical, tactile, and real-world strategies. Get inspired with content that addresses the challenges you face in your classroom every day.

Social Justice in Our Schools

These workshops focus on cultivating a culture of equity, safety, and social-emotional learning in the classroom and other education settings. Learn what it means to be an anti-racist educator, to have courageous conversations about race, and to use the power of community to fight racism.

Self-Care and Trauma-Aware Classrooms

These are stressful times, and our students need trauma-informed educators now more than ever. We can best help our students when we know how to care for ourselves. Learn how you can bring this gift to your classrooms and about caring for ourselves and supporting students during this difficult time.

Personal Growth and Empowerment

These workshops encourage personal and professional learning, reflection, and advocacy to make you a stronger, more confident educator. Expect strategies, resources, and expert advice at each session.

National Board Certification Essentials

Learn what it takes to become a National Board Certified teacher and ask questions of an expert that has been there. You will also find out about the ways National Board certification will improve your professional practice and standing.

School Counselors

School counselors' professions require more than many can imagine. These workshops focus on the unique and vital role that school counselors play in the fabric of a healthy learning community.

For credit, consult with your local certification/staff development/human relations department before attending.
