

MSEA Vice President Candidates

Geoge Kasnic

Position: Teacher

Local Association: HCEA(Harford)

I am running for MSEA Vice President to ensure our membership has a choice. I am in my 10th year as an educator at Edgewood Middle School, a career-ladder title I eligible school. My school has a large percentage of non-tenured and provisionally certificated educators and I am aware of the challenges our new educators face. I am a 5-year building rep, and co-chair of the

MSEA LGBTQ+ caucus. As a career changer - 20 years in management in private industry - and a veteran - 6 years including an overseas tour - I bring a broad-based background bringing unique perspectives and experience.

Nikki (Anzer) Woodward

Position: Teacher

Local Association: MCEA

There's no more significant investment for our community than public education. Educators are the foundation of our education systems, & we must be involved in every aspect from the conception of ideas to the implementation. I'm committed to continuing to elevate the power of educators' voice across Maryland; ensuring these voices are varied & representative of MSEA membership. A strong & united MSEA is the way to ensure educators are architects to improving our working conditions, schools, & the communities they serve. We achieve this by electing capable & knowledgeable candidates. I'm running for VP because I possess the values, knowledge, & work ethics needed to achieve the success we deserve & our professional needs. I bring experience from the local, state, & national level as a volunteer & elected union servant. I'm ready to serve our association & work to grow a stronger & more united MSEA.
