

Re-Elect

Tanya Martin

For

MSEA Director

An education advocate with tried, true, and experienced leadership for ...

- Our Educators
- Our Students &
- Our Profession

“Education is for improving the lives of others and for leaving your community and the world better than you found it.”

Marian Wright Edelman

My Fellow Educators, public education and educators are under attack as NEVER before!

For the past six years, I have proudly served as one of your MSEA NEA Directors.

*I have always had your interests at heart, and have demonstrated that I am both qualified and willing to **strongly** represent and advocate for our **collective** due-paying membership.*

*I ask that you **re-elect me, Tanya Martin**, to the MSEA Board so that I might continue the collective work still needed to uplift, impact, and support our members, our profession, our association, and most importantly – **the students we all serve!***

Thank you.
